Hello Damien. Thank you for taking my call. As I explained, Granite Shore Power (GSP) is finalizing responses to your September 28<sup>th</sup> letter and will submit a response on or before November 20, 2020. We continue to look at 40 CFR 122.47 for its applicability at Schiller Station. Please note the three Schiller units, Unit 4, Unit 5 and Unit 6, remain in long-term outages with the last generation occurring in May.

Thank you for your consideration in this matter. If you would like to discuss further, do not hesitate to contact me.
